ALLERGIES & ASTHMA AFFECT 35% OF ALL CANADIANS!

SOMETHING MUST BE DONE!

Did you know that allergic diseases and asthma have increased significantly in the past twenty years? The impact can be devastating and in some cases, life threatening!

While the allergic and asthmatic population is expanding, funding and resources for research have decreased.

SOMETHING IS BEING DONE!

The Canadian Allergy, Asthma and Immunology Foundation – (CAAIF) is a registered charity dedicated to funding research into the causes, prevention and treatment of allergic diseases.

We are committed to excellence in research, education and training in all areas of allergy, asthma, immunology and allergic diseases in Canada.

WITH YOUR SUPPORT YOU CAN MAKE A DIFFERENCE!
